COMPANY PROFILE

Color Sage Lighting Electronics Limited (hereinafter called Color Sage) is a high-tech company which focus on research, production, sale of small stage lighting fixtures and offering international trade services.

Since our company established in September 2014, the ISO 9001: 2000 Quality Management System is introduced to improve the management according to international standard. Our products widely used in entertainment places, bars, clubs, nightclubs, the multi-functional hall and conference hall of enterprises and institutions,and city lighting project, etc..

Our products widely sold all over the country,exported to Southeast Asia, the Middle East, the Occident, and other countries and regions, the products enjoy unanimous praise by users at home and abroad.

Color Sage will keep developing and producing more products to offer the high quality,good price and excellent service.

Color Sage established the strict quality standard inspection system in accordance with the principle of "customer uppermost,quality first".We have sincere to cooperate with you for common development and realize win-win.Warmly welcome all customers from both China and abroad who wish to explore investment possibilities!

Color Sage is engaged in a small stage lights manufacturers R & D, production and sales company. Modernization, professional stage lighting production enterprises.

The main production of small stage lights are: battery lights, mini battery lights; moving head lights, mini moving head lights; Par can, waterproof Par can, mini-Par can; effect lights; theatre lights; architectural lighting; strobe lights , Mini strobe light and so on. These products are widely used in various stages, bars, outdoor music festivals, live studio, KTV, etc., and by the user's favorite.

Color sage committed to the brand in a more diversified form of promotion, the product more convenient and efficient channels to reach consumers.

Factory: No.186, South Tingshi Road, Shijing Town, Baiyun District, Guangzhou,China.

CS-P260C PAR CAN

CS-P260C is a widely used par light, 72pcs 3W LEDs, the total power is 280W.

Built-in a variety of self-propelled procedures, and macro effects, Promise color mixing system, the lighting effect is clear, uniform spot.

Bright rainbow effect is the advantage of this product, with smooth dimming function, this product is commonly used: stage lighting, outdoor flash activity lighting, bar lighting effects rendering and store lighting and so on.
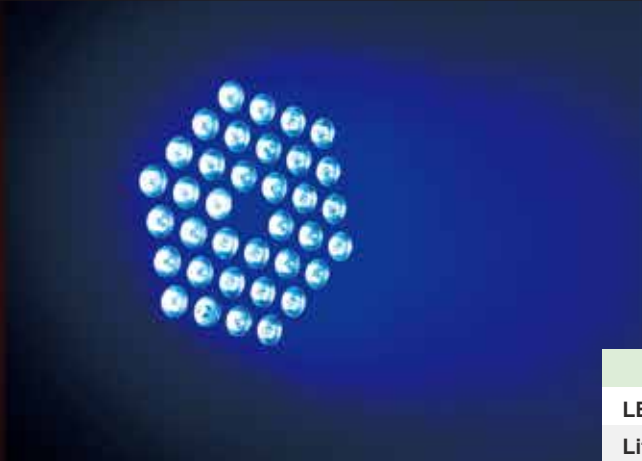

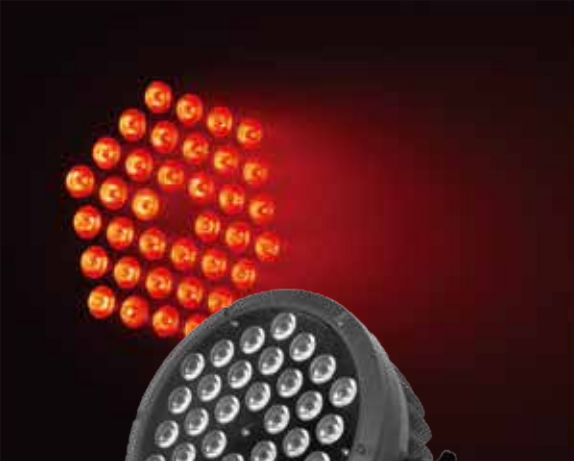

CS-P400C PAR CAN

CS-P400C is a par light, uses 36pcs 4 in 1 LEDs, with high brightness output and uniform light spot.

It features excellent color mixing, quiet running and flicker free control. The fixtures is built in with internal programs and macros. The PAR also features optimum optic design integrated with extremely effective heat sink system.

This product is commonly used: stage lighting, flash activity lighting, bar lighting effects rendering and store lighting and so on.

Specifications	
LED Quantities	36pcs*10W
Life Span	50,000 hrs
Input Voltage	90-260VAC/50-60Hz
Power Consumption	400W
Material Science	Alloy
Size	315mm*260mm*310mm
Net Weight	6.5kg
Packing	480mm*400mm*540mm
Gross Weight	7.0kg

Function	
Control	Master/Slave, Sound actived, Automatic, DMX 512.

1PC 200W LED RA≥90 PAR CAN

△ 1pc*200W COB LED, very high light output

△ 50000 hours life span and low power consumption

△ Color Rendering Index(CRI): Ra≥90

△ Specific high efficiency optic system with 60°beam angle

△ Flat and even spot image with soft edge

△ Housing made by rugged, die cast aluminum alloy

△ Thermally insulated knobs and double aluminum handle for installing

△ Barn door included

△ 0-100% Smooth and precise linear dimmer

△ Flicker free control even at high speed strobe

△ Different built-in programs and macro effects

△ 25T/sec high speed LED shutter/strobe effect with variable speed

△ Preset variable/random strobe and dimming pulse effect

△ Low noise fan cooling system integrated with aluminum heat sink

△ -20°C ~ 45°C max ambient temperature

△ IP20 protection rating

CS-A870A ARCHITECTURE LIGHT

CS-A870A is an Architectural Light, which uses 80pcs 10W high brightness LEDs , the total power of 870W, a strong lighting effect. Its light source is characterized by a large range of light, light and bright colors uniform.

Alloy body with plastic base, IP rating is IP65.

Colorful rainbow effect makes this lamp popular,this product built-in macro program, commonly used color mixing effect, with 4 kinds of commonly used control methods: Slave/Master, Sound actived, Auto, DMX 512, this product is very convenient to use, and the effect is also very beautiful.

Specifications

Specifications	
LED Quantities	36pcs LEDs
Life Span	50,000 hrs
Input Voltage	AC90-260V/50-60Hz
Power Consumption	380W
IP Rating	IP 65
Material Science	Alloy & Plastic base
Size	610mm*320mm*370mm
Net Weight	13.5kg
Packing	660mm*380mm*440mm
Gross Weight	17.5kg

Function	
Control	1. Master/Slave, 2. Sound actived, 3. Automatic, 4. DMX 512,
Color	RGBW 4 in 1
Effect	Color mixing 0-100% Dimming, Rainbow effect, Strobe effect, Macro.
Channel	4/6/8 CH
Beam Angle	25°
